

Ms. Erika P. Moonin, P.E., D.WRE, is a licensed professional engineer in the state of Nevada and California. She graduated from the University of Nevada – Las Vegas in 1994 with a Bachelor of Science degree in Civil Engineering. After graduating, Erika started her career working for a few years at an engineering consulting firm and now has gained over ten years of working experience for the Las Vegas Valley Water District and the Southern Nevada Water Authority.

Erika is currently an engineering project manager for the Southern Nevada Water Authority and is responsible for CIP projects which range anywhere from 20 million to 500 million dollars. These projects include raw water intakes, pump water treatment facilities and large pumping stations and other system improvements. Erika's involvement with ASCE began in 1992 with the UNLV Student Chapter and has held board positions, which included serving as President in the Southern Nevada Branch and Nevada Section. Ms. Moonin served as Chair of the Pacific Southwest Council and she was a judging coordinator for five years and regional co-coordinator for one year for the Las Vegas Future city competition (partially sponsored by the local ASCE branch).

Erika was also awarded Engineer of the year for the government sector by the ASCE Southern Nevada Branch in 2000 and she participated in the initial efforts of the AAWRE Development Committee to develop and help start the Diplomate, Water Resources Engineer (D.WRE) certification program. She is one of the inaugural Diplomates to be awarded the credential and she currently serves on the Admissions Committee for AAWRE. For the past three years, she has served as a member of the CCP, the National Board Level Committee, the Constituent Committee of Leadership and Management, and a number of other committees. Potentially adding to her list of services, Erika was recently nominated to serve on the AAWRE Board of Trustees by the Elections and Nominations Committee of AAWRE.
